## White Sidewall Buffers & Sprayers

Spadone's newest model of White Sidewall Buffers feature a fully automatic or manual set-up for passenger, SUV, truck, and motorcycle tires. Expertly designed for quick chuck and grinding wheel change to enable high production capability. Integrated sprayer available for all buffers or optional standalone unit.

## Vent Trimmers

Flexibility to process passenger and truck tires, with the capability to sense the dimensions of the tire and adjust the variables required without interrupting productivity. Spadone's Vent Trimmer models are fully automatic with no-presorting required. Tire manufacturers have relied on Spadone for over 100 years to provide the latest technology manufactured into the most reliable equipment.

## Skivers

Spadone Skivers utilize the latest servo technology to achieve outstanding accuracy. The cutter produces through a full range of line speeds and is capable of holding tight cutting tolerances. Spadone's Skivers exceed the highest quality and production demands with minimal required maintenance and maximum useful life.

## Bias Cutters

With over 100 years of experience, Spadone has pioneered and designed market leading Bias Cutters including Horizontal Bias Cutters, Low Angle Bias Cutters and Vertical Bias Cutters. Turnkey options available with let-offs and wind-ups, this accurate and versatile equipment can be tailored to meet your exact bias cutting needs.

## Guillotines and Bale Cutters

Spadone offers a full range of Guillotines and Bale Cutters for use in high performance and demanding applications. The comprehensive design blends productivity, safety and economy to process tough, dense and difficult to cut materials. Turnkey systems with fully automatic guillotine cutting lines maximize productivity.

24" Pneumatic Series

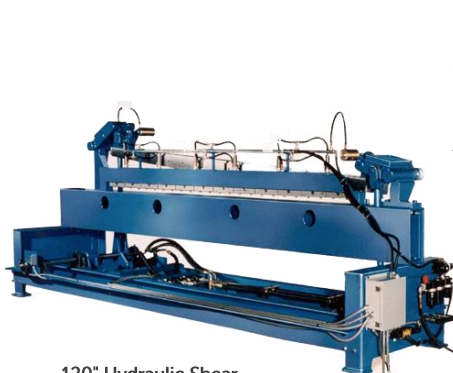

29" Hydraulic Series

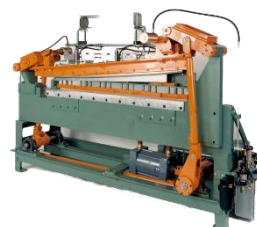

60" Hydraulic Series

## Shears

Featuring a variety of Shears with the ability to cut a wide range of materials with varying densities and toughness. This includes composite materials made up of woven and non-woven fibers, wire inserted rubber and high strength man-made synthetic materials containing continuous filament yarn. The shears are designed to stand alone or fit into established production lines.

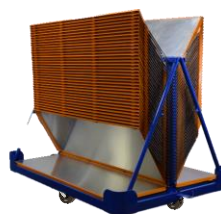

120" Hydraulic Shear

60" Air Operated Shear

## Trucks & Carts

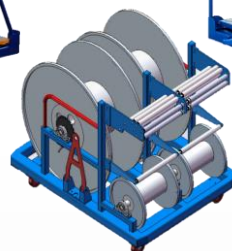

Spadone offers a comprehensive line of trucks and carts for tire, rubber, plastics, food and other industrial applications. Manufactured with rugged materials to withstand the demanding environments of customer applications, Spadone trucks and carts handle a variety of raw materials through to finished goods. The ergonomic designs maximize space, minimize handling and keeps production at peak levels.

Tread Tray Trucks

Green Tire Trucks

Sidewall Dual Reel Cart

## Web Handling, Chafer Slitter & Wind-Ups

Featuring Web Handling, Slitting, Wind-Up and Let-Off equipment for a variety of materials and designed to customer specifications. Spadone offers turnkey solutions for industrial applications. Equipment can be positioned, for example, in-line at the Bias Cutter or utilized as a satellite operation.

## Upgrade Kits

Spadone offers upgrade kits and accessories for its comprehensive product portfolio. Upgrade kits are available for the following equipment + others:

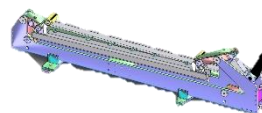

White Sidewall Buffer

Bias Cutter

Skiver

Shear

Guillotine and Bale Cutter

## Aftermarket OEM Parts

Hundreds of parts in stock, ready for same day shipment including specific wear parts. Customer service representatives are ready to assist, ensuring you get the part you need - when you need it.

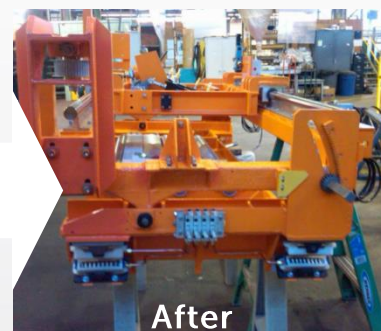

## Equipment Repair, Refurbishment & Service

Extend the life of your investment through factory repair and refurbishment, bringing your equipment to like-new condition.

- Rebuild technician specifically trained on refurbishing or servicing Spadone equipment.
- Spadone offers support and services on equipment installations throughout the world.
